

UNITED STATES PERFORMANCE HANDICAP RACING FLEET
LOW, HIGH, AND AVERAGE PERFORMANCE HANDICAPS
for the years 2005 through 2011
(V.1.2 – September 15, 2011)

IMPORTANT NOTE

The following pages lists base performance handicaps (BHCPs) and low, high, and average performance handicaps reported by US PHRF Fleets abstracted from well over 4100 boat classes or types. These are displayed in Adobe Acrobat portable document file format. Use Adobe Acrobat's 'FIND' feature, <CTRL-F>, to display specific information in this list for each class. Class names conform to US PHRF designations.

The information for this list was culled from data sources used to prepare the "History of US PHRF Affiliated Fleet Handicaps for 2011". This reference book, published annually by the UNITED STATES SAILING ASSOCIATION, is often referred to as the "Red, White, & Blue book of PHRF Handicaps". The publication lists base handicaps in seconds per mile by Class, number of actively handicapped boats by Fleet, date of last reported entry and other useful information collected over the years from more than 60 reporting PHRF Fleets throughout North America. The reference is divided into three sections, Introduction, Monohull Base Handicaps, and Multihull Base Handicaps. Assumptions underlying determination of PHRF Base Handicaps are explicitly listed in the Introduction section.

The reference is available on-line to US SAILING member PHRF fleets and the US SAILING general membership. A current membership ID and password are required to login and obtain access at:

http://offshore.ussailing.org/PHRF/2011_PHRF_Handicaps_Book.htm.

Precautions: Handicaps in this listing are for production boats only where on three or more boats are reported. One-off custom designs are not included. A base handicap does not include fleet adjustments for variances in the sail plan and other modifications to designed hull form and rig that determine the actual handicap used to score a race. Some reported fleet handicaps in this list represent determinations based upon statute rather than nautical miles. Only classes reporting three or more handicapped boats for the past five years are listed. For data on boats of interest not appearing in this listing, consult the *History of US PHRF Affiliated Fleet Handicaps for 2011*.
